Adobe Illustrator CC 2019 Crack Keygen Full.Q: Vue.js: Can't access Form data and nested props in v-on handler I'm using Vue.js on one of the pages of a website and I'm trying to catch data from a form. The form is nested inside a v-for block. When I try to access the name or phoneNumber props of my form in my v-on handler I get 'Cannot read property 'name' of undefined' and 'Cannot read property 'phoneNumber' of undefined'. I'm not sure why I can't access these properties. Name is in the data and the name of the form is "question1". Here is an example of the form I'm trying to access: Name: Phone Number: In my VueJS, the submitQuestion() method is as follows: var question1 = new Vue({ el: '#mainmenu', data: { question1: { name:
